AKROM RUSTAMOV

PYTHON BACKEND DEVELOPER

City: Tashkent, Uzbekistan
Date of birth: June 19, 2007, age 18

- Phone: +998 95 878 62 77
- Email: akromjonrustamov56@gmail.com
- GitHub: github.com/RustamovAkrom
- LinkedIn: akrom-rustamov-255b372b7

ABOUT ME:

Motivated Python Backend Developer with strong hands-on experience building real-world projects using FastAPI, Django, PostgreSQL, Redis, Docker, and modern development tools. Strong focus on clean architecture, performance optimization, reliability, and automation. I design clean and scalable REST APIs, implement background task processing, monitoring, CI/CD pipelines, and production-grade architecture in my personal engineering projects. Learn more about me: akrom-omega.vercel.app/about

SKILLS:

Programming languages

Python

Libraries and Frameworks:

Django, Django Rest Framework, FastAPI, Aiogram, PyJWT, OAuth2, SQLAlchemy, Alembic, Pytest

Tools and Platforms

Linux, Docker, NGINX, Celery (worker, beat, flower), Redis, PostgresSQL, Git, GitHub,

EDUCATIONS & COURSES:

IDU - **INTERNATIONAL DIGITAL UNIVERSITY** - **CYBERSECURITY** - (**2025** - **PRESENT**)

NAJOT TA'LIM - **BACKEND PYTHON DJANGO** (**STANDART**) - (**2023** - **2024**)

LANGUAGES:

ENGLISH – *B2*, **RUSSIAN** – *B2*, **UZBEK** – *NATIVE*

PORTFOLIO:

- All my projects and applications are available here: akrom-omega.vercel.app/projects

CERTIFICATES & DIPLOMS:

- All certificates and diploms are here: akrom-omega.vercel.app/certificates
